Key Advantages

- Lightweight
- Fire resistant
- Multi-levels of protection
- Corrosion-resistant
- Variable geometry
- Multiple applications
- Re-usable
- Easy to transport
- Very durable

Applications

Military Base Camp Protection

- Rapidly deployable modular systems
- Tents, stand alone walls, containers
- Checkpoints

Building Security

- Government buildings
- Embassies, consulates
- Hotels, hospitals

Infrastructure Security

- Industrial parks
- Oil field refineries
- Utility lines
